### Alexander Alizar

Head of household goods direction, MebelVia  
(Online furniture retailer)

«I'd like to mark convenient organization both before and during the fair. Before the fair I found all necessary information about the exhibitors on the fair website, and on the grounds the fair team helped me solve all the questions very quickly. I should say that division of the exposition according to the exhibiting countries was very convenient. As a result we have established contact with 12 suppliers»

### Olga Zvyagina
